

HIKON

INNOVATING PLASTIC TECHNOLOGY

H.K. INDUSTRIES

Your Trusted Partner in Plastic Recycling Solutions

ABOUT US

We, **H.K. INDUSTRIES**, under the brand name **HIKON**, are proud pioneers in the field of **plastic recycling machinery**. Since our inception in **1971**, we have been committed to **innovation and sustainability**, transforming plastic waste into valuable resources.

With **over 45 years of expertise**, HIKON has earned the trust of recyclers across the globe. Our relentless focus on **quality, innovation, and customer satisfaction** has led to the successful installation of **5,600+ machines in more than 30 countries**.

Backed by **state-of-the-art manufacturing facilities** equipped with CNC, VMC, and in-house component production, we deliver machines that embody **precision, durability, and world-class performance**.

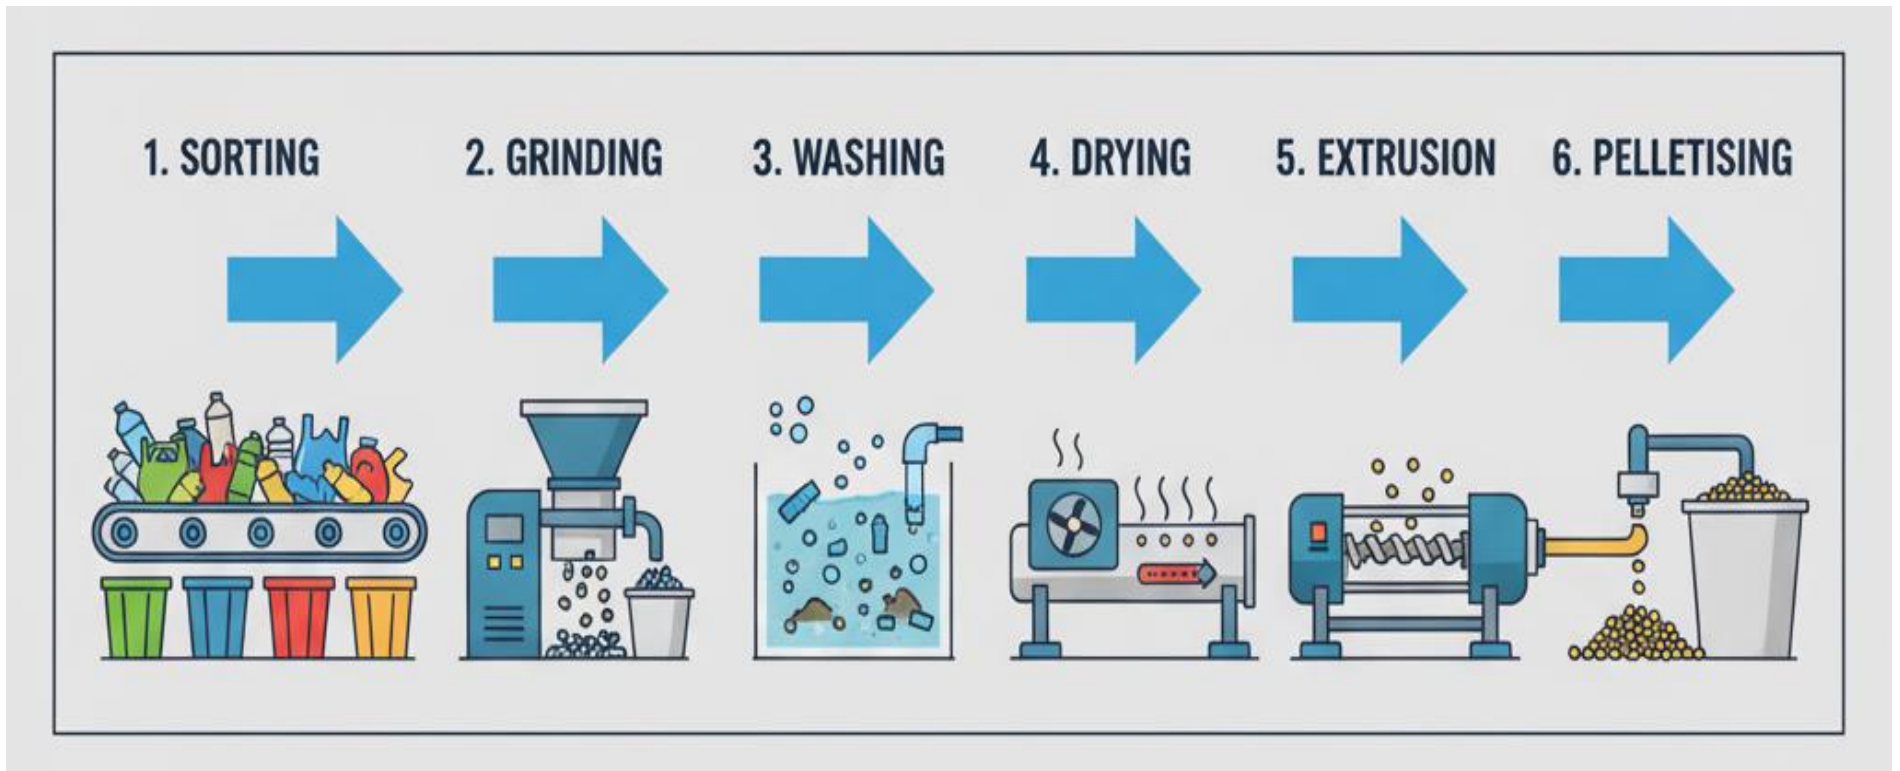

QUALITY

We are an ISO 9001:2015 certified company and give paramount importance to the quality aspect of our products as all our machines are manufactured in a precision-controlled environment. Our quality control inspectors conduct rigorous quality checks during all production processes in order to check the performance, durability, and features of the machinery parts and the machine as a whole. We also concentrate on the quality of raw materials like gearbox motors and various grades of steel which are sourced from renowned distributors from all over India. Our Total Quality Management policy is strictly adopted within the organization at all levels so that only defect-free products reach our clients. Our quality policy helps our clients get machinery of high performance and high durability standards. We test our machines before dispatching to clients.

OUR STRENGTHS

1. **Rich experience** of more than **45 years** in the field of manufacturing **plastic processing machinery**.
2. Having an **installed base of over 5600+ machines** across the world.
3. **In-house fabrication & machining facility** equipped with the latest systems and machinery that make the manufacturing facilities capable of delivering the highest standards in terms of **quality, time, and satisfaction**.
4. Over 70% of parts manufactured in-house: **In-house manufactured screw barrel, die-face cutters, cutter compactors, crushers, washing lines & auxiliaries**.
5. Presence in **30+ countries** worldwide.
6. **Prompt customer service and technical support**.
7. **Maximum repeat orders from satisfied customers**
8. **Most effective solutions and turnkey projects**, including **post-consumer recycling with washing lines and other auxiliaries**.
9. **Use of best standard raw materials** in production lines
10. **Complete range of plastic recycling machinery**

PLASTIC RECYCLING PROCESS

OUR FACTORY

OUR FACTORY

OUR PRODUCTS

HIKON AUTOMATIC GRINDING, WASHING & DRYING PLANT

OUTPUT RANGE: 500 – 2000 kg/hr

SUITABLE FOR SOFT AND RIGID SCRAPS INCLUDING PP, PE, ABS, NYLON, MLP

DIRTY PLASTIC SCRAP

CLEAN AND WASHED PLASTIC SCRAP

HIKON PLASTIC FILM SQUEEZE DRYER MACHINE

OUTPUT RANGE: 150, 300 & 500 kg/hr

Designed for plastic film scraps – LDPE, LLDPE, and HDPE

WET FILM SCRAP

DRIED FILM SCRAP

HIKON SINGLE STAGE RECYCLING PLANT

Output Range: 100 – 2000 kg/hr

Suitable for rigid plastic scraps – LDPE, LLDPE, HDPE, PP, BOPP, ABS, Nylon

HIKON MOTHER BABY/DOUBLE STAGE RECYCLING PLANT WITH SIDE FORCE FEEDER

Output Range: 100 – 2000 kg/hr

Suitable for rigid plastic scraps – LDPE, LLDPE, HDPE Raffia Bags, PP Raffia bags, BOPP, ABS, Nylon

HIKON SIDE FORCE FEEDER

The **Hikon Side Force Feeder** is engineered to handle medium to large volumes of heavy regrind materials including **LDPE, LLDPE, HDPE, ABS and PP/HDPE woven Bags**.

- **Direct Feeding System:**

Material moves from the hopper straight into the extruder through a screw conveyor, without the need for pre-cutting or compression.

- **Smart Feed Regulation:**

The feeding speed is automatically adjusted according to the extruder motor load. An intelligent safety system ensures protection of the side feeder screw—when the extruder stops, the side feeder also shuts down automatically.

- **Flexible Pelletizing Options:**

Based on the type and volume of plastic, the line can be fitted with:

- Die face cutter
- Strand Pelletizer

- **Easy Operation:**

A modern **touch-screen control panel** makes the process of starting, stopping, and operating the machine simple and user-friendly.

HIKON CUTTER COMPACTOR RECYCLING PLANT (SINGLE STAGE)

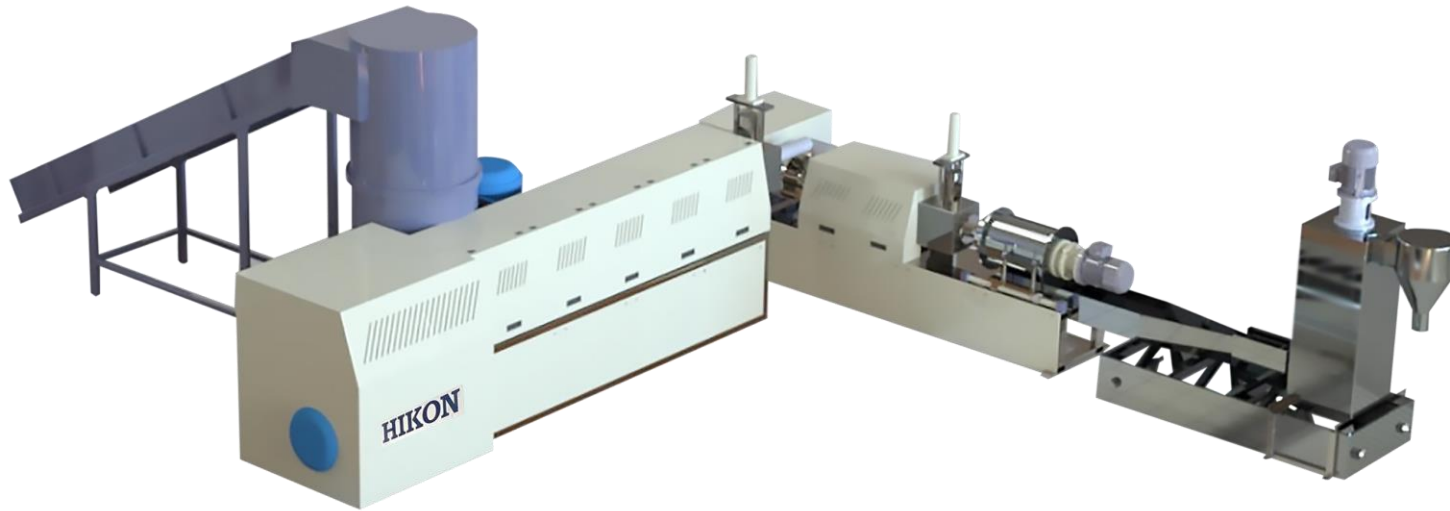

Output Range: 100 – 1000 kg/hr

Ideal for plastic film scrap – LDPE, LLDPE, and HDPE

Reprocessed Granules

HIKON CUTTER COMPACTOR RECYCLING PLANT (DOUBLE STAGE)

Output Range: 100 – 1000 kg/hr

Suitable for film scraps LDPE, LLDPE, HDPE, BOPP & PP woven bags, HDPE woven bags

Reprocessed granules

Smarter Recycling with HIKON Cutter Compactor

Turn your industrial film waste into **valuable raw material** with ease.

Why Choose HIKON?

- **Zero Wastage** – Maximum value recovery from your waste.
- **Higher Production** – Efficient design for continuous operations.
- **Better Quality** – Superior pellets with consistent performance.

How It Works

- **Cut & Compact** – Film waste is shredded with sharp blades and compacted for smooth feeding.
- **Preheating Advantage** – Removes moisture and ink traces before extrusion.
- **Efficient Extrusion** – Energy-saving process that delivers high-quality recycled pellets.

Performance You Can Trust

- Capacity: **100 kg/hr to 1000 kg/hr**
- Simple operation, low energy consumption, and reliable output.
- Perfect for industries aiming for **sustainability + profitability**.

PROVEN SUCCESS

- Delivered **India's First Triple Stage Extruder** for PP Raffia Material in Guwahati.
- Supplied **1500 kg/hr high-capacity, fully automatic plastic waste washing and drying line** to clients in India.
- Provided **advanced machines with self-cleaning, backflush continuous filtration systems**.
- Installed **high-production 1200 kg/hr recycling lines** for leading clients across India.
- Delivered **500 kg/hr plastic film squeeze dryer machine** in India.
- Over **5600+ machines successfully operating** across India and **30+ countries worldwide**.
- Earned **consistent repeat orders** from prestigious clients due to superior quality and reliable after-sales service.

OUR PRESTIGIOUS CLIENTS AROUND THE GLOBE

HIKON has created a wide market for our products with our honesty and integrity. Our clients have complete faith on us and we strive to upkeep the same. With our foresightedness and skills, we have supplied our products to various domestic and overseas markets. We strive to cater to new markets as well as retain our old clients with our expert quality and time bound delivery schedules.

We have successfully installed many recycling machines in over 30 countries:

- **Middle East – Kuwait, UAE, Saudi Arabia, Oman, Iran**
- **Africa – South Africa, Senegal, Nigeria, Ghana, Egypt, Tanzania, Sudan, Congo, Cameroon, Djibouti, Ivory Coast, Mozambique, Chad, Uganda, Ethiopia, Zambia, Kenya, Morocco, Somalia**
- **Asia – Russia, Sri Lanka, Nepal, Bangladesh, Myanmar, Hong Kong, Thailand, India**
- **Europe – United Kingdom**
- **Other Regions – Mexico, Cabo Verde and many more**
